Sundance Resort receives two honors

Sundance Resort has received two awards: a Platinum Choice Award from Smart Meetings magazine, and a No. 2 ranking on Conde Nast Traveler's list of top U.S. resorts.

The Platinum Choice Award recognizes excellence in service and amenities among meeting facilities in the Western region, and the Reader's Choice Award is judged by five categories: facilities/activities, food/dining, location, overall design, and rooms/service. The respective magazines' readers determined each of the awards.

"Sundance is honored," says Chad Linebaugh, Sundance co-general manager. "We will continue to strive to present the best in quality and service to all of our guests."
