MERGED LAW FIRM

Fillmore Spencer represents the merger of two of Utah Valley's premier firms, Fillmore Belliston Sheffield Madsen & Stubbs and Spencer Smith & Card. The merged firm greatly expanded its capabilities to meet the broader needs of its large and growing clientele.

BUSINESS LAW

The firm continues a focus on the technology, real estate, corporate and financing sectors. Using up-to-date technology, the firm provides accessible, reliable and cost-efficient legal advice, contracts, and other services.

COMMERCIAL & REAL ESTATE LITIGATION

When business or other disputes arise, the firm's attorneys advocate the causes of their clients professionally and effectively. They have handled hundreds of litigation matters before state and federal courts and have arbitrated or mediated scores of disputes.

PERSONAL INJURY & GENERAL LEGAL SERVICES

The firm provides high-quality representation in personal injury, accident and death claims, family law matters (adoption, divorce, etc.), and criminal defense. The firm also provides divorce mediation services.

UNPARALLELED EXPERIENCE

The lawyers provide outstanding competence and real depth in most

major legal matters. They have developed extensive experience from years of practice at some of the most distinguished law firms in the country and from prestigious government appointments and clerkships.

MIDSIZE AND EMERGING CLIENTS

While the firm represents some large national and international businesses, it also enjoys assisting emerging businesses in their development.

The attorneys' diverse experience can be combined in large-scale matters or tailored for smaller engagements. The firm also counsels individuals in their estate planning, personal investment and business transactions.

ADDRESSING NEEDS EFFICIENTLY

Although the quality of the firm's services is akin to those of major firms in large metropolitan areas, its fees range significantly lower than those charged by major firms.

The firm helps its clients budget and control legal expenses by using fixed fees and other non-traditional arrangements in appropriate circumstances.
